[redacted] Hank Knoche advised that John Conway had called saying that Senator Pastore wanted to be of maximum assistance in the floor debate on the nuclear test ban treaty and would welcome any thoughts from the Director particularly on the anti-ballistic missile matter. Mr. Knoche said he planned to mention this to the Director and I said I would have Mr. Houston raise this at the 9 o'clock staff with the suggestion that the best action would be a direct conversation between the DCI and Senator Pastore.

[redacted] Ward Hower in the office of Senator Church said they had received a query from a constituent inquiring if it were true as reported in an English newspaper that there were two nuclear tests in the last 20 days of June in the Soviet Union. Hower indicated that he appreciated there might be problems on this but this was from a strong constituent and they had to take some action. I said I would look into this and advise.

[redacted] Boyd Crawford, House Foreign Affairs Committee staff, telephoned indicating that Edna Kelly had requested the Chairman to press the Agency for a full accounting by CIA of its activities in South Viet-Nam. Crawford was merely advising me of this as a matter of information since the Chairman has no intent of asking the Agency for this.

Crawford also indicated that a number of the members are pressing to hear from Mr. McCone on the nuclear test ban treaty having in mind Secretary Rusk's frequent reference in his testimony to securing detailed information from the DCI. Mr. Crawford said that some time next week Chairman Morgan planned to make a specific request to the Director that he appear. Mr. Crawford said he was merely alerting me to this and I thanked him indicating I could furnish no commitment on this and would await their further call.
